

New eSPICA Operation Manual

ANA Cargo

1. New eSPICA functions (P.3)
2. How to log in (P.4)
3. Request / Save a quotation (P.5-6)
4. Create a reservation (P.7-12)
5. Quote / create reservation for DG cargo(P.13)
6. Quote / create reservation for DRY ICE cargo (P.14)
7. Quote / create reservation for special handling cargo (P.15)
8. Upload of multiple bookings (CSV upload) (P.16-20)
9. Update reservation / Enter FINAL information / Cancel (P.21-23)
10. Check for duplicate MAWB to China (P.24)
11. Enter MAWB • HAWB information (P.25-27)
12. Display list of reservations (P.28)
13. Track AWB (P.29)
14. <Appendix> Special Handling Code list (P.31-32)

1. New eSPICA Functions

- ☆ The new eSPICA has implemented below functions.
- ☆ There is a renewal of previous functions.

Request / Save a quote

- You can get a quote without entering a MAWB number.

After booking confirmation

- You can register MAWB / HAWB information from eSPICA

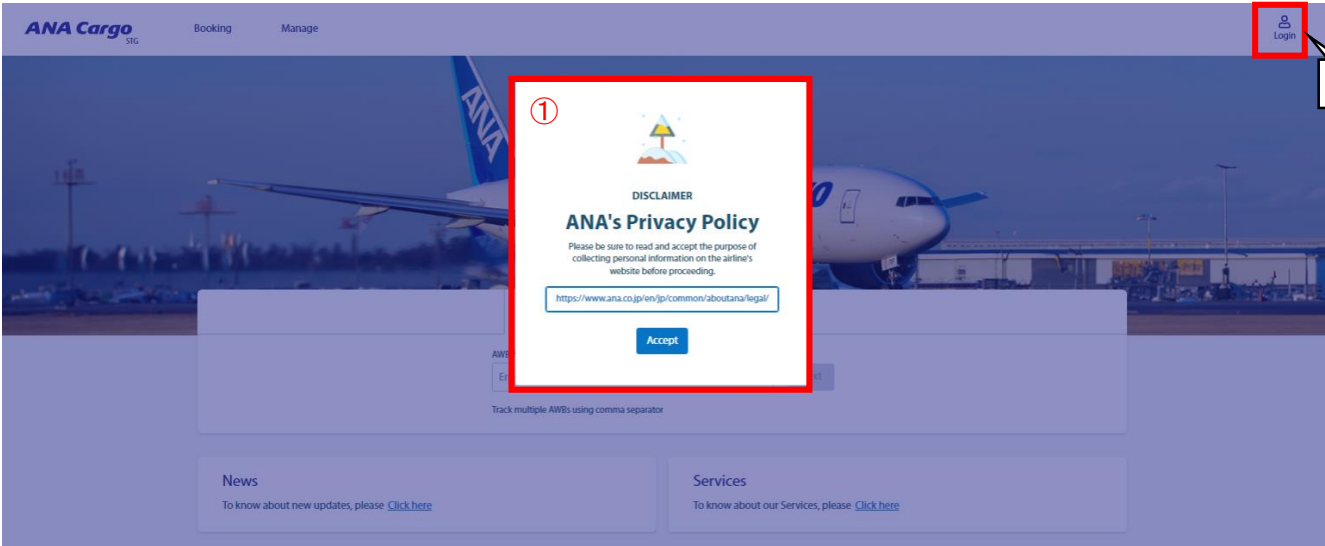

After flight departure

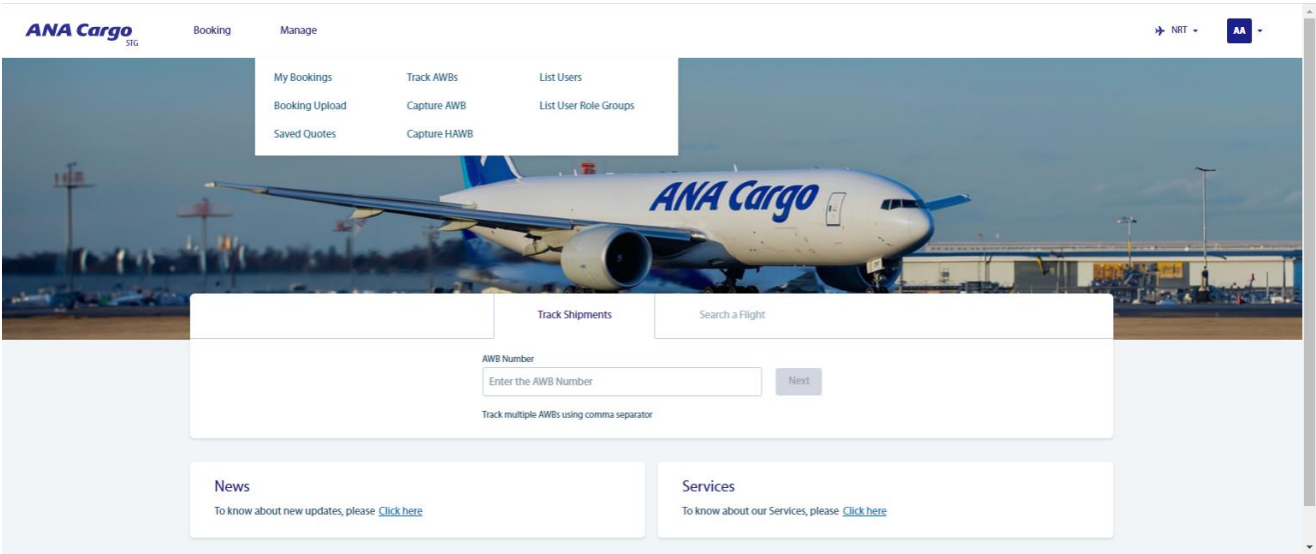

- Tracking information visibility has been improved

2. How to Log In

☆ Log in from the top page, following the below steps.

- ① A message regarding the privacy policy and cookie usage consent will be displayed. Please accept the information by clicking the **Accept** button.
- ② Click the **Login** button and enter your ID and password.

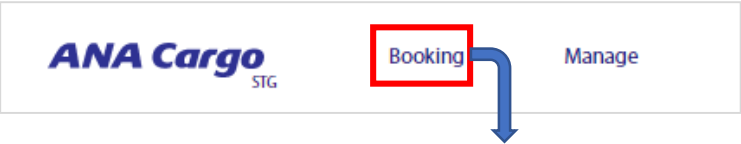

- ③ Once login has been completed successfully, you can access individual screens from the banner at the top of the page.

3. Request / Save a Quotation

- ☆ With the new eSPICA, you can check flight information and rates by entering cargo information.
- ☆ You can also save the displayed quote for use again.

① Click **Booking** on the banner at the top of the page.

② In the drop down screen, enter the Origin /Destination /Commodity /Executed date (or scheduled execute date)

A screenshot of the booking form. The 'Origin' field is highlighted with a red box and labeled 'Origin'. The 'Destination' field is highlighted with a red box and labeled 'Destination'. The 'Commodity' field is highlighted with a red box and labeled 'Commodity'. The 'Executed date (or scheduled execute date)' field is highlighted with a red box and labeled 'Executed date (or scheduled execute date)'. A blue arrow points from the 'Commodity' field down to the next step.

③ When the screen expands further, enter Pieces, Weight, Volume / Product / Handling code

A screenshot of the expanded booking form. The 'Product' field is highlighted with a red box and labeled 'Product'. The 'Pieces, Weight, Volume' fields are highlighted with a red box and labeled 'Pieces, Weight, Volume'. The 'Handling Code' field is highlighted with a red box and labeled 'Handling Code'. The 'Get Quote' button is highlighted with a red box and labeled 'Get Quote button'. A blue arrow points from the 'Handling Code' field down to the 'Get Quote' button.

④ Once you have entered the required items, click the **Get Quote** button at the bottom left of the screen.

⑤ When the search is complete, the results will be displayed in a list.

B) Making a reservation from a template

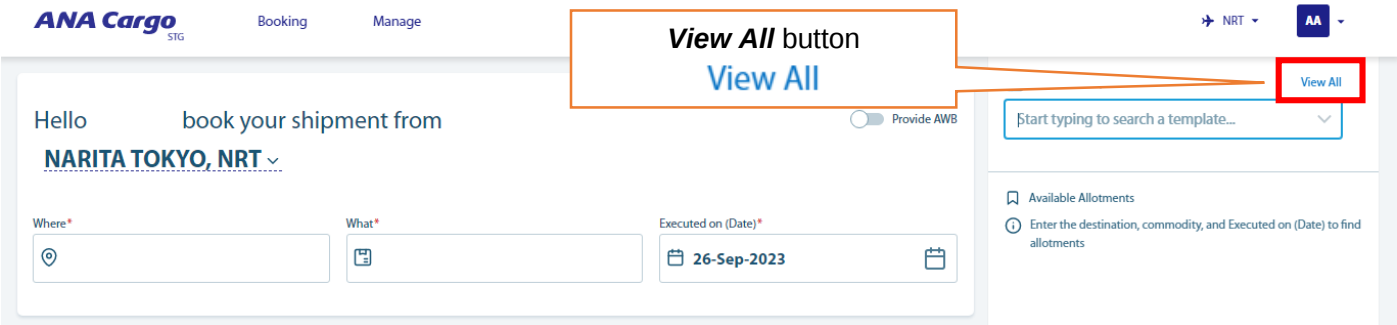

- ① Select the template you wish to use from *Booking Templates* list on the right side of the screen. You can select the template by entering the template name directly or from pull down.

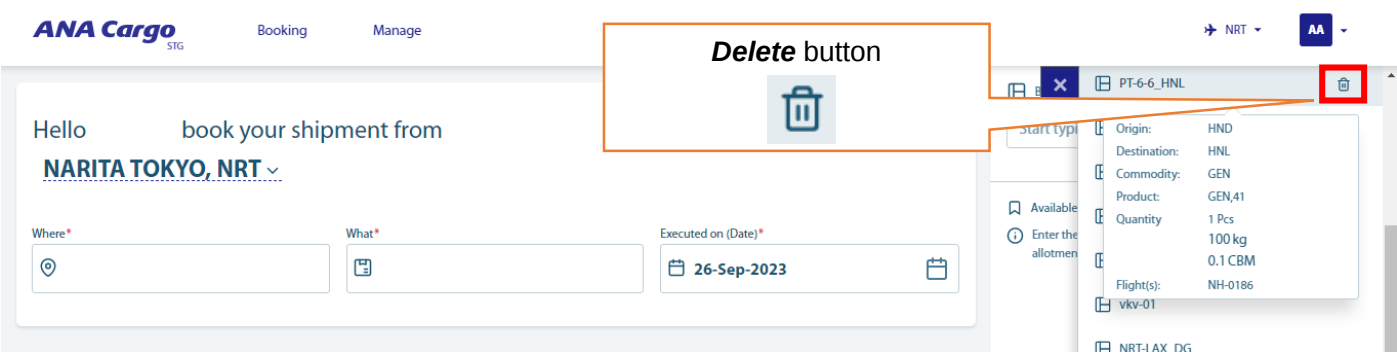

- ② When the template information is displayed, change the Executed on date and flight as required. Then click the *Next* button. (Continue to p.10 number ⑤)

C) Deleting saved templates

- ① Click the **View All** button on the right side of the booking information screen.

- ② Saved templates will be displayed on the right side of the screen. Click on the trash can icon on the right of the template you wish to delete.

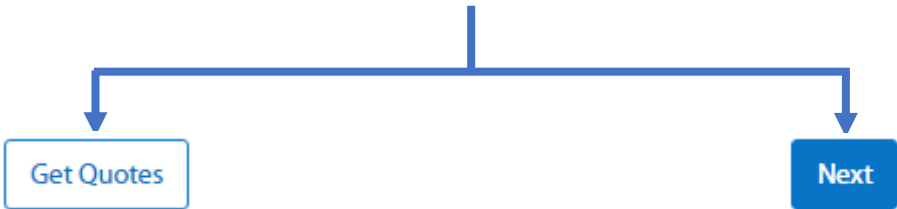

5. Quote / Create Reservation for DG Cargo

☆ For quotes and making reservation for DG cargo, please enter the relevant information in the below screen.

- ① From the top page banner, click **Booking**.
- ② When entering the DG information in the expanded screen please enter DG information relevant to what was entered in the **What** (Commodity) field. (Eg: DG, DGCNSL)

The screenshot shows the ANA Cargo booking interface. At the top, there's a banner with 'ANA Cargo STG', 'Booking' (highlighted with a red box), and 'Manage'. A blue arrow points from 'Booking' to 'TOKYO, NRT'. Below the banner, there's a 'Where*' field with 'CHICAGO' and 'ORD'. A 'What*' field contains 'Dg DG' (highlighted with a red box). A 'When - Executed on (Date)*' field shows '25-Aug-2023'. Below these, there's a 'Shipment Desc: DG' and 'Units: KG'. A 'Commodity' label points to the 'What*' field. The 'DG Details' section is expanded, showing 'UNID Details' with a 'Capture DG Details' button (highlighted with a red box). A blue arrow points from 'Capture DG Details' to the 'Add UNID' screen. The 'Add UNID' screen has fields for 'UNID No.*', 'PSN*', 'PG', 'PI*', 'Class*', 'Sub Risks', 'SHC', 'SHC1', 'SHC2', 'Technical Name', 'Type of Packing', 'Packing ID', 'Packing Dimensions', 'RQ', 'ERG Code', and 'AI'. It also has 'Add UNID' (highlighted with a red box) and 'Done' (highlighted with a red box) buttons. A 'Done' button is also highlighted with a red box at the bottom left of the 'Add UNID' screen. A 'Capture DG Details' label points to the 'Capture DG Details' button. An 'Add UNID screen' label points to the 'Add UNID' screen. An 'Add UNID button' label points to the 'Add UNID' button. A 'Done button' label points to the 'Done' button.

- ③ In addition to shipment details entered on page 5, please enter information about the DG from **Add UNID** box. Finally, click **Add UNID**, then click **Done**.

- ④ If you would like to get a quote with the entered information, please click the **Get Quotes button** (Continue to p.6).
- ⑤ If you would like to make a reservation for a specific flight with the entered information, please click the **Next** button. (Continue to p.10 ⑤).

6. Quote / Create Reservation for DRY ICE cargo

☆ For quotes and reservations containing DRY ICE, please follow the steps below

- ① Click on **Booking** in the banner at the top of the page
- ② Please select DRY ICE from **What**(Commodity) field.

ANA Cargo STG

- ※Information entered in Add UNID will be automatically reflected in the Complementary SHC field.

- ④ Click on the *Get Quotes* button to get a quote (Continue to p.6 ⑤)
- ⑤ To make specific reservation with entered information, click the *Next* button (Continue to p.10 ⑤)

7. Quote / Create Reservation for Special Handling Cargo

☆ For quotes and reservations involving Special Handling cargo, please enter the information into the **Special Handling Instruction** fields below.

- ① Click **Booking** from the top page banner.
- ② On the expanded screen, please enter the necessary shipment information.

The screenshot shows the ANA Cargo STG Booking interface. At the top, there is a banner with 'ANA Cargo STG' and two buttons: 'Booking' (highlighted with a red box) and 'Manage'. Below the banner, there are input fields for 'Where' (CHICAGO), 'What' (Consol CNSL), and 'When - Executed on (Date)' (25-Aug-2023). The main form area includes fields for 'Shipment Desc', 'Units', 'CBM', 'Chargeable Weight', 'Pieces', 'Weight', 'Volume', and 'Allotment'. A 'Remarks/Special Handling Instruction' section is visible, containing a 'Shipment Remarks' text area and a 'Special Handling Details' dropdown menu. The dropdown menu is open, showing a list of pre-defined instructions with checkboxes: LITHIUM // RLM (RLM), LITHIUM // RBI (RBI), LITHIUM // RBM (RBM), LITHIUM // ELI (ELI), LITHIUM // ELM (ELM), SPECIAL // OVERSIZED CARGO (OSC), SPECIAL // HEIGHT 160CM OVER (CNA), SPECIAL // HEIGHT 200CM OVER (THH), and SPECIAL // SUPER HEAVY CARGO 1P/1,451KG OVER (SHC). Below the dropdown menu are 'Add' and 'Cancel' buttons. An 'Add button' label points to the 'Add' button. A 'Drop down menu' label points to the dropdown menu. A 'Special Handling Instruction' label points to the 'Special Handling Instruction' text area. A '+ Add' button is located next to the 'Special Handling Instruction' text area. A 'Special Handling Instruction' label points to this '+ Add' button. At the bottom of the form, there are 'Get Quotes' and 'Next' buttons. Arrows indicate the flow from the 'Booking' button to the 'Special Handling Instruction' section, and from the 'Add' button to the 'Special Handling Details' dropdown menu.

- ③ Click the **+Add** button next to **Special Handling Instruction** to display the drop down menu.
- ④ Select the appropriate item from the drop down menu and click **Add** button
* Please refer the list at the end of this manual for the options of **Special Handling Instruction** (p.31-32)

⑤ If you would like to get a quote with the entered information, please click the **Get Quotes** button (Continue to p.6 ⑤).

⑥ If you would like to make a reservation for a specific flight with the entered information, please click the **Next** button. (Continue to p.10 ⑤).

8. Upload of multiple bookings (CSV upload)

☆ The below information explains the procedure for creating reservations in bulk using an Excel sheet.

A) Summary

▽Format

The excel format consist of 3 main categories;

- 1. **Shipment / ULD Details** ... Enter basic information such as MAWB number, origin/destination, weight/volume, product etc.
- 2. **Flight Details** ... Enter flight information such flight number, routing, departure date etc.
- 3. **Dimension Details** ... Enter dimension information.

*There is also a field for Complimentary SCC (DRY ICE etc).

▽Basic Flow

Follow the general steps below;

- ① Enter the required information (Continue to p.12-13 for input method).
- ② Click the **Validate** button to check the contents are correct. Items that need to be revised are highlighted in yellow and items correctly entered are highlighted in green.
- ③ Upload the completed Excel sheet from the Booking Upload screen in eSPICA.
- ④ If “Processed Successfully” appears, it is confirmed that the bookings were uploaded successfully.

<Shipment / ULD Details>

Column	Description
Booking Reference Number	Given for each reservation (No need to input as it will generated automatically)
Carrier Code	Enter the 3 digit carrier code (e.g. 205)
AWB Number	Enter the MAWB number
Origin	Enter the AWB origin
Destination	Enter the AWB destination
Shipping Date	Enter scheduled execute date
Product	Enter the Product Code
Commodity Code	Enter the Commodity Code
Pieces	Enter the number of pieces
Weight	Enter the shipment weight
Volume	Enter the shipment volume
Shipment Description	Enter the shipment description If you enter the Commodity Code it will be automatically linked
SCC	Enter SCC code

[illegible]

<Flight Details>

Column	Description
Flight Origin	Enter flight origin airport code
Flight Destination	Enter flight destination airport code
Flight Number	Enter flight number (including carrier code)
Flight Date	Enter the flight departure date
Pieces	Enter the number of pieces for this shipment
Weight	Enter the gross weight of the shipment
Volume	Enter the volume of the shipment (M3)

<Dimension Details>

Column	Description
Pieces	Enter the number of pieces for this shipment
Weight	Enter the weight of each piece (kg)
Length	Enter the length of each piece (cm)
Width	Enter the width of each piece (cm)
Height	Enter the height of each piece (cm)

<Others>

Column	Description
Complimentary SCC	For dry ice shipments, enter `ICE`
Complimentary SCC Weight	Enter the weight of the dry ice

B) Input Method

▽Common points

- Origin, Destination etc. can be selected from the pull down menu or entered directly.
- When you enter the Commodity Code, the corresponding shipment description will be automatically displayed.

▽When using multiple flights

- Enter the subsequent flight information in the next row.
- When entering information for subsequent flights, it is not necessary to enter shipment or ULD information (in fields before Origin)
- When splitting a booking please enter the quantity, weight and volume for each split.
- Carrier Code and AWB Number do not need to be entered after the second line.

【Input Fields】

(Flight Details)

Flight Origin / Flight Destination / Flight Number / Flight Date / Pieces / Weight / Volume

【Example】

Shipment/ULD details					Flight Details							
10	11	12	13	14	15	16	17	18	19	20	21	22
*	*	*	*		*	*	*	*	*	*	*

▽ The basic steps are as follows;

- ① Click the **Upload** button and upload the Excel sheet in the Pop-Up screen.
- ② Processing status is displayed at the bottom of the screen.
*In case of RFS or multiple flights, please check minimum connections time as errors may occur.
Please make sure to check processing status in such cases.
- ③ “Processed Successfully” will be displayed if the bookings were uploaded without errors.

▽ View Log

- Click the **View Log** button on the right to view imported files any error details.

9. Update reservation / Enter FINAL information / Cancel

☆ In order to update or revise a reservation, please follow the below steps;

A) Update Reservation

To update a reservation please use one of the following methods.

I . Enter the MAWB directly.

Hey start the booking using an AWB

1 Provide AWB

AWB Number
205 12345678 2

205-12345678 CONFIRMED
LAX-XMN | 28 Aug 2023 | CNSL CONSOL
12 Pcs | 120 kg | 0.1 CBM 3

Edit button

Edit View Details

+ Check AWB Status

- ① From the booking page, click **Provide AWB**.
- ② Enter the MAWB number you want to update.
- ③ Click the **Edit** button from the pop up window.
- ④ Edit the items you want to update and follow the on-screen instructions to proceed.

II . Select from list of reservations.

10. Check for Duplicate MAWB to China

- ☆ You can see the usage history of MAWB and if they have been used for China bound shipments before.

A) Enter MAWB directly to confirm

The screenshot shows the 'Check AWB Status' interface. On the left, there's a 'Hey' sidebar with a 'start the booking using an AWB' section. The main area has a 'Provide AWB' button (1) and a '+ Check AWB Status' button (2). A 'Check AWB Status' modal is open, showing an 'Upload AWB File' section (3) with a text input field containing MAWB numbers: 00000000, 11111111, 22222222, 33333333, 44444444, 55555555, 66666666, 77777777, 88888888, 99999999. Below this is a 'Validate' button. The bottom section shows a table of 10 AWBs with their status: 'AWB not in system' for most, and 'Ok' for others. A red box highlights the 'Validate' button and the table.

- ① From the booking page, click **Provide AWB**.
- ② Click the **+Check AWB Status** button to expand the screen.
- ③ Enter the 8 digit MAWB number and click the **Validate** button.
(Separate each MAWB by a comma(,). Up to 50 entries are permitted).
- ④ Search results will be displayed at the bottom left. "OK" will be displayed on the MAWB to proceed with reservation

B) Upload and check with Excel sheet

The screenshot shows the 'Check AWB Status' interface. On the left, there's a 'Hey Acxuser, start the booking using an AWB' section. The main area has a 'Provide AWB' button (1) and a '+ Check AWB Status' button (2). A 'Check AWB Status' modal is open, showing an 'Upload Attachments' dialog box (6) with an 'Upload' button. The modal also has an 'Enter AWB No.' button (5) and a 'Validate' button (7). A red box highlights the 'Upload Attachments' dialog box and the 'Validate' button.

- ①-② Follow same steps as method A.
- ⑤ Switch **Upload AWB File** slider to ON.
- ⑥ Click **Upload** button and select the Excel file, then click **OK**.
※You can check up to 150 AWB. (Contact your sales representative regarding the sheet for uploading).
- ⑦ Click the **Validate** button.
- ⑧ Search results will be displayed at the bottom of the screen.
If OK is displayed, click the MAWB to proceed with reservation.

11. Enter MAWB · HAWB Information

☆ You can register MAWB/HAWB information in eSPICA from time of confirmation until acceptance.

A) Enter MAWB Information

- ① Select **Manage**→**Capture AWB** from the top page banner.
- ② Enter the MAWB into the pop up screen below.
- ③ Enter the necessary information into the below fields.
