

ANA Provides International Transportation for AstraZeneca's COVID-19 Vaccine

- ANA cooperated with Yusen Logistics to facilitate the delivery of AstraZeneca COVID-19 vaccines provided through the Japanese government to Vietnam, Thailand, and the Philippines
- Since 2017, ANA has been certified by IATA's Center of Excellence for Independent Validators in Pharmaceutical Logistics (CEIV Pharma)

TOKYO, Aug. 23, 2021 — All Nippon Airways (ANA), Japan's largest and 5-Star airline for eight consecutive years worked in cooperation with Yusen Logistics Co., Ltd. (President: Toru Kamiyama) to transport AstraZeneca Co., Ltd. (headquartered in Kita-Ku, Osaka) COVID-19 vaccines from Japan to Vietnam, Thailand and the Philippines. The vaccines were provided by the Japanese government to the respective countries as part of the comprehensive strategies to combat the spread of COVID-19.

The transportation of vaccines presents a number of logistical challenges, requiring ANA to leverage its full range of expertise and experience gained at the forefront of cargo transportation. Despite the challenges, ANA has an exceptional track record in the delivery of pharmaceutical goods, and has established a reliable and efficient operational structure for the global delivery of vaccines and other crucial medical supplies. In addition, ANA has been certified by IATA's Center of Excellence for Independent Validators in Pharmaceutical Logistics (CEIV Pharma) since 2017, making it the first Japanese airline to receive this distinction.

As part of its efforts to make flying safer, ANA has instituted the [ANA Care Promise](#), a comprehensive series of protocols designed to prevent the spread of COVID-19. As the COVID-19 pandemic continues to affect nearly every aspect of life, ANA remains committed to doing all it can to empower healthcare workers and public health professionals worldwide.

About ANA

Founded in 1952 with just two helicopters, All Nippon Airways (ANA) has grown to become the largest airline in Japan. ANA HOLDINGS Inc. (ANA HD) was established in 2013 as the largest airline group holding company in Japan, comprising 71 companies including ANA and Peach Aviation, the leading LCC in Japan.

ANA is a launch customer and the largest operator of the Boeing 787 Dreamliner, making ANA HD the biggest Dreamliner owner in the world. A member of Star Alliance since 1999, ANA has joint venture agreements with United Airlines, Lufthansa German Airlines, Swiss International Airlines, Austrian Airlines and Brussels Airlines - giving it a truly global presence.

The airline's legacy of superior service has helped it earn SKYTRAX's respected 5-Star rating every year since 2013, with ANA being the only Japanese airline to win this prestigious designation for eight consecutive years. ANA also has been recognized by Air Transport World as "Airline of the Year" three times (2007, 2013 and 2018); it is one of only a select few airlines to win this prominent award multiple times.

ANA is the only company in the aviation industry to receive the Gold Class distinction from the 2021 S&P Global Sustainability Awards and ANA HD has been selected as a member of the Dow Jones Sustainability World Index list for the fourth consecutive year and the Dow Jones Sustainability Asia Pacific Index list for the fifth consecutive year.
